DEMOCRATIC MEETINGS.—The city democratic committee held a short meeting at 7 o'clock last night which lasted but a few minutes. The committee, as anticipated in yesterday's GAZETTE, legalized the action of the Fourth ward democrats in holding an adjourned meeting last night to elect delegates to the State convention—the meeting in that ward having adjourned on Thursday night without having elected delegates. The committee also ordered a primary to be held in the Third ward on Monday evening next, from 4 to 7 o'clock, to elect delegates to the convention, the meeting on Thursday night having adjourned without electing delegates. The members of the committee from the Third ward were authorized to select judges and clerks of election for the primary.

An adjourned meeting of the democrats of the Fourth ward was held at the marble yard, near the corner of Duke and Columbus streets last night, to elect delegates to the State convention, the meeting on Thursday night having adjourned on account of ballot box stuffing and confusion, without having elected delegates.

There was quite a large attendance of voters of the ward and a sprinkling of citizens from the other wards. Considerable electioneering had been done during the day and two tickets were freely circulated. Shortly after 8 o'clock Mr. J. T. Sweeney called the meeting to order and said as this was an adjourned meeting the organization as of the previous night would stand unless otherwise ordered. It was decided that the organization stand except that Mr. Albert Murtagh was appointed a teller in place of Mr. Edward Lawler, who was a candidate for delegate. Mr. O. F. Carter was appointed to receive the ballots of the voters and place them in the box. A ballot box was secured and everyone seemed willing that a fair ballot should be had. The following candidates were then placed in nomination: On one ticket Messrs. F. L. Smith, T. H. Ficklin, M. P. Vincent and R. T. Cook. On the other Messrs. Frank Spinks, John A. Marshall, E. E. Lawler and C. K. Davis. Messrs. J. M. Johnson, J. E. Tackett and Champ Walker were also placed in nomination. The ballot resulted as follows: Smith 49, Ficklin 48, Cook 45, Marshall 42, Lawler 40, Vincent 38, Spinks 35, Davis 35, Johnson 4, Tackett 1, Fannon 1.

SUIT.—Green & Freely, of this city, brought suit in the United States Circuit Court, in Baltimore yesterday, against the Mayor and City Council of Laurel, Md., claiming \$5,000 damages for the alleged non-payment of material and work done in improving Washington avenue, Laurel, in September, 1894.

EXTRAORDINARY buying opportunities, and extraordinary selling chances, are making D. Bendheim & Sons' store mighty interesting these days to bargain hunters. Monday morning they begin a five-cent sale of all broken assemblages in wash goods, domestics, notions, &c., and if you travel the town over you could not duplicate what this sale signals to you as a money saver. Don't let sunshine or rain prevent you getting the first choice of such offerings as are advertised for Monday's sale.

THE LYNCHING IN THIS CITY.—A circular has been issued in Philadelphia containing a list of about one hundred negroes alleged to have been lynched throughout the United States during the past year. A paper about the size of an eight-by-ten pane of glass, published by a negro, is endorsed and some of this literature has been sent here. The circular states that a colored man named John Smith, charged with a misdemeanor, was lynched in this city on the 18th of March. All of this, of course, is a myth. A negro named McCoy, it will be remembered, was strung up on the 22d of April, after having confessed to the commission of a heinous felony by which the lives of his victims were imperiled. The paper referred to in its comments on the Alexandria lynching has this sage suggestion: "It is now high time for a decisive step to be taken toward a final settlement of the lynching question in the United States. Congress should be asked to make laws to meet the emergency. The only substantial remedy that appears worthy of adoption is the making of a law by Congress which by its provisions the government becomes amenable for payment of the separate sum of \$20,000 for each person lynched within its borders payable to his or her legal heirs. Should there be

none living at the time, then to designated religious, charitable and educational institutions; said money to be raised by a capitation tax, imposed upon the property owners in the district where the crime is committed. The government to enforce the provisions of said act, to the end that the indemnity be paid within two years from the date of crime."
